Policy on Fundraising Events

The Foundation Board of Directors wants to ensure that any fundraising event that is promoted in the name of the Foundation, or from which the Foundation is a recipient of funds, is organized and operated under the direct supervision and control of the Foundation.

The Board authorizes its appropriate officers and staff to enter into contracts with event planners and other consultants, who are supervised by the Foundation and, where appropriate, with commercial fundraisers, provided such fundraisers are properly registered with the State of California or other relevant authorities and enter into a written contract with the Foundation, in the form required by law.
